### 2. Attendance

Well done to Orchard and Chestnut Classes, who exceeded our target of 96% attendance this week. We're so proud of you! The children enjoyed some Golden Time this afternoon to celebrate.

### 3. Well-Being Award

As you know, we have been busy preparing for our accreditation visit in November for the Wellbeing Award for Schools. Below is a number of ways that you can support your children's well-being at home.

## Working Together to Meet Children's Wellbeing Needs.

### Physical and Basic Needs

- **Provide good nutrition and sleep:** These are foundational for both physical and mental health.
- **Encourage physical activity:** Daily walks or other exercise release feel-good hormones and help children release energy.
- **Create a safe environment:** A sense of safety is crucial for self-esteem and well-being.

### Emotional and Mental Health

- **Be there to listen:** Regularly check in with your child to create an open environment where they feel comfortable discussing their feelings.
- **Validate their feelings:** Help them put words to their emotions, and show empathy by seeing things from their perspective rather than minimising their concerns.

- **Be a role model:** Show your child how you cope with difficult emotions and look after your own mental and physical health.
- **Support their interests:** Help them identify and develop their passions, as this helps them thrive.

## Building Confidence and Independence

- **Encourage decision-making:** Give children opportunities to make their own choices and teach them that mistakes are learning opportunities.
- **Value their contributions:** Show your child that you value them by appreciating their strengths and achievements.
- **Play together:** Playing together not only helps children learn and solve problems but also strengthens your bond.

## Communication and Connection

- **Show affection:** Hugs, kisses, and other forms of physical affection reinforce feelings of love and security.
- **Use positive language:** Focus on your child's strengths and achievements, and show genuine interest in what they say.
- **Communicate effectively:** Show you are listening by giving eye contact and asking questions, even with babies.

## 4. Stars of the Week

Many congratulations to our Patient stars who we celebrated last Friday:
